# Strategic partnership project "School Education Against Climate Change" (SEAC) 2021-1-ES01-KA220-SCH-000023837

During January 2024 the partners began an intense testing and piloting of the developed games within their communities and with the target groups. The developed games include a variety of methods and topics aiming at acquisition and development of the environmental skills among primary school children, as well as motivate them to promote the Youth Goal 10 and SDG 13 in their communities.

**Here comes a visual summary of the games! Stay tuned and be ready for the launch during February-March 2024.**

*Jasmin looks happy as her idea was the best*

He asked how he could get into the Club.
Very easy: there was a passport and a game
to collect stamps for the passport.
If you get 7 stamps, like the colors of the rainbow,
you are accepted in the Club.

YES

John said Yes immediately!
How about you?
Do you want to join the Club too?
Let's play...
